

Bi-monthly Litter Pick 13th November 2021

Thank You to the 19, very kind local volunteers who came in force on Saturday (13th November), to once again, clean up the streets of West Moors, which was perfect timing, as Remembrance Day Parade was the next day. Thank you to all of you.

The good news was, that at Farm Road, by the row of shops there was not as much litter to clear as there was in September. However, there were other locations, where this was not the case.

We will do our best every 2 months in the hope that, it will gradually reduce in a lot of areas, and eventually, be none.

The future is bright, the future is ours to look after.
