

REMEMBERED WITH HONOUR

A Hughes

Notes

The CWGC web site lists 27 deceased with the name A Hughes for WW2. Of these, 6 are civilian casualties (4 women and 2 men) and a further 1 is a female service casualty. This leaves 20 male service casualties all listed as A Hughes.

With no second initial on the war memorial the search could not be narrowed down. None of the 27 memorial inscriptions have a reference to West Moors or its immediate neighbours.

In the 1939 Register there were 3 families/households with the name Hughes listed for West Moors, all in "The Camp", Oakhurst Road. It is a requirement of the publication of the 1939 Register that Persons born less than 100 years ago are redacted in the 1939 register, so anyone born after 1923 would not be shown unless confirmed already deceased. Also, it is normal, but not always to list the earliest birth first for children.

This could be the son of Albert and Mary Hughes, Arthur born q3 1927 given that he would only be 17 in 1944. It could not be his father since he and Mary Wareham are listed as marrying in 1947.

Of the other two Hughes families none of their children are old enough or match the age requirement.
