

Bi-monthly Litter Pick Saturday 11<sup>th</sup> June, 2022

\*\*\*\*\*

Residents scoured the streets of West Moors this morning, to find that the litter was surprisingly less than expected with 15 bags rounded up, nearly half of what was collected during the annual litter pick in April. An observation by most volunteers today, was the amount of cigarette butts on the floor of various main and side streets. Please, take care of our environment by taking your cigarette butts home or bin them.

West Moors Town Council Volunteer Litter Warden after the litter pick.

We saw some familiar faces today, who have been part of the WMTC bi-monthly litter pick group since last September (and annual litter picks in past years), and we were blessed with some new kind souls too. Welcome and Thank You! Those who were not free to join today, borrowed the equipment prior and litter picked when they could, returning the rubbish to the office ready for the collection Monday.

If you are not able to do litter picks on a Saturday when we schedule them, feel free to come to the council office and borrow a litter-picker to carry out your own litter pick, whether it is individually or in a friendly or organised group, returning them back to the office after.

Visit the Keep Britain Tidy website on guidance for litter picking.

Litter picking can be a wonderful way to give back to the community while enjoying the surroundings on offer to us. If we all collect just one bag, we can make a big difference!

Thank you to the 16 litter heroes that contributed to this month's event, our volunteer litter warden Malcolm Adam, who roams the streets nearly every day, those that have helped in the past and those that will in the future, and last but not least, all those residents who continue to respect the village and keep it clean.
