

Mulch 'n' Maintenance morning

Saturday 3rd June 2023

The Avenues of trees that were planted last year at the Copse behind the skate park, by our wonderful volunteers, Councillors and Staff, now need a little nudge to keep growing.

Today was a hot day, but Cllr Mrs Penny Yeo, Mrs Rosie Brown (West Moors Youth Club Treasurer), local residents Dee Elston and Malcolm Adam, Clerk Judi Weedon and her Husband Baz, and Assistant to the Clerk, Amie Fawcett, spent a couple of hours taking care of these little treasures, but there is still more to do.

What we have in the Jubilee Copse now, wouldn't have happened without the help of YOU, wonderful volunteers and community groups coming together to make a difference. We just need a bit more help!

We are calling on the Youth of West Moors, to step up and lend a hand in caring for, what is essentially part of their future.

This new budding Copse needs the nurturing that the younger generation have the energy and stamina to offer!

Of course, we welcome all ages and as much of your time as you can spare.

Trees. They're not just nice to look at. These wooden wonders literally eat carbon out of the air, improving the air we breathe and enhancing our local community green spaces for the benefit of people and wildlife alike.

Please contact the office for more information on how you can help complete the 'Caring for the Copse'
Nature needs your support!
